

INFORMATION

Why have you received this invoice?

This invoice shows that you paid too little or too much for your child's place in preschool or school-age educare in 2022.

- If you paid too little in 2022 you have to pay the amount specified on the invoice.
- If you paid too much in 2022 it states, 'in credit'. You will get this money back no later than 31 December.

If you are to get money back

If you want to get the money back into your bank account, use the online service [Register account to get money back \(huddinge.se\)](https://www.huddinge.se/inkomst) no later than 15 November. If you have not registered a bank account with us, a payment slip will be sent to your registered address. If you owe money to Huddinge Municipality this will be deducted before you get any money back.

Do you want to know more or have any questions?

Read more at [huddinge.se/inkomst](https://www.huddinge.se/inkomst). If you do not find the answer to your question, send an email to servicecenter@huddinge.se or contact Huddinge Service Centre by calling +46 8-535 300 00.

How do you make sure you pay the right charge in future?

If you want to pay the right charge for preschool or school-age educare,

go to [huddinge.se/inkomst](https://www.huddinge.se/inkomst) and follow the instructions to enter your household income.

What is the income check?

Each year we check what your income was two years ago and compare this with what you paid for childcare two years ago.

We check this because the charge for childcare is set on the basis of your household income and we want everyone to pay the right charge.
