

INFORMATION

07/07/2023

Why have you received this invoice?

You have been sent this invoice because, in 2021, you either paid too little or too much for your child's place at a preschool (förskolan) or leisure-time centre (fritidshem) in Huddinge municipality.

Why was the amount incorrect?

The combined income of your household determines how much you must pay for the care of your child. A household consists of all those adults who live together. You are responsible for informing the municipality how much your household earns. If the wrong amount has been reported, the fee you pay will be incorrectly calculated.

Annual checks

Each year, Huddinge municipality checks the income you have registered against the information about your income held by Skatteverket. It takes two years for Skatteverket to calculate how much everybody has earned. Only when Skatteverket's final data has been calculated are we able to compare their figures against our own data.

What happens now?

- If the amount you have paid is too low, you must pay the amount stated on the invoice.
- If it says 'till godo' (= credit) on the invoice, you will receive the money owed to you by no later than 31 December 2023. If you would like this money to be paid directly into your bank account, you can register your account details by using the e-service **Registrera konto för att få pengar tillgodo**: <https://service.huddinge.se/>

Do you have any questions about the income checks?

If so, please send an e-mail to inkomstkontroll@huddinge.se or call Huddinge service centre on 08-535 300 00. Many people have questions about the income checks, so it may take up to two weeks before your e-mail is answered.

If you think the invoice is incorrect

State the reasons why you think the information is wrong in an e-mail sent to inkomstkontroll@huddinge.se or in a letter sent to:

Barn – och utbildningsförvaltningen, 141 85 Huddinge
