

Study Swedish at Vux Huddinge

Huddinge

Why should you study Swedish?

There are many benefits to improving your language skills. For example, it will:

- Increase your independence and self-confidence in Swedish society and make everyday situations easier.
- Open doors to employment opportunities which in turn will help you integrate into society

Continue your studies to apply for higher education

After SFI, you can study Basic Adult Education in Swedish. After passing the Basic Adult Education in Swedish, you can apply for vocational training or other higher education programs.

Study in a way that suits you

There are several schools available around Stockholm and you can choose whether you want to study during daytime, evenings or in the weekends. In this way you can combine your studies with your family and working life.
